About Our Cupcakes

Common sense would tell you that a cupcake on display for a few hours such as in a wedding cupcake tower (we do a lot of these) or other celebration could become dry. So, we always inject a filling in our cupcakes to ensure a moist surprise inside! We've been doing it this way since the beginning.

We also love chocolate at Trifles!

Our customers may choose from a selection of delectable chocolate cups as holders for cupcakes instead of an ersatz paper liner. Please note: we are happy to keep it simple with paper liners if the chocolate cup is not for you.

As for decorations - the sky is the limit!

Sugar flowers & figures, gummies, buttercream or bubblegum decorations are all delightful. We do advise that cupcakes become very top-heavy, so we ask that you steer away from too much buttercream loaded on top, unless you are using the weight of a chocolate cup to counter-balance the heavy decorations.
